The Cascades Renovation- Phase 1

The Champion Team of The Cascades is pleased to announce the near completion of the removal of the wall around The Cascades and the site restoration. Bailey Sand and Gravel, Inc. and other contractors have been working hard to make sure The Cascades are ready to showcase for the Memorial Day Weekend's grand re-opening. Over the next few weeks, the County's contractor will conclude paving operations, and installation of seating, sod, decorative fencing, and lights. We look forward to sharing this new view of our community icon in a wonderful summer season of lights, water, and music at The Cascades.

We look forward to continued support from the community in our endeavor to renovate and preserve our community icon, The Cascades. For more information regarding this announcement, please contact Scott Robbins, Parks Director, by phone at: (517) 768-2917 or by email at srobbins@co.jackson.mi.us.
